OFFICE OF THE ASSISTANT ENGINEER AND IRRIGATION OFFICER, No. I SUB-DIVISION, TUMKUR.

Notification dated 23rd January 1951.

No. 2085. Whereas it is found that the quantity of water available in Mydala Tank, Tumkur Taluk, is likely to suffice for the existing garden lands below the Tank and whereas it is found necessary to regulate the supply of water, I, Sri G. S. Sivanna, B.E., Assistant Engineer, No. I. Sub-Division, Tumkur, in exercise of the powers vested in me under section 16 of the Mysore Irrigation Act do hereby prohibit the atchkatdars under Mydala Tank from raising Vaishaki crop either ragi or paddy this year in any portion of the atchkat under the tank.

Any holder or tenant who raises either ragi or paddy in contravention of this notification will be doing so at his own risk and no water will be supplied from the tank. Any person attempting to take water for Vaishaki crop, when it is allowed for the gardens will be liable for punishment under the provisions of the Mysore Irrigation act.

V. VENUGOPAL NAIDU,
8788 *S.D.O. and Irrigation Officer.*

OFFICE OF THE ASSISTANT COMMISSIONER AND IRRIGATION OFFICER, TIPTUR SUB-DIVISION, TIPTUR.

Notification dated 7th February 1951.

No. A.C. 416—50-51. Whereas it is ascertained that some quantity of water will be available in Mayasandra tank in Turuvekere Taluk even after the present crops on the atchkat of the said tank are harvested and whereas it is feared that the quantity of water that may be left over will not be sufficient to raise summer paddy or summer ragi on the entire atchkat and as it is not feasible at present to correctly restrict the atchkat under the tank as the exact quantity of water that will be available after the present crops are harvested has yet to be determined after making allowances for the existing crops under the atchkat and as it is likely to take some more time to determine this extent, whereas it is necessary to prevent indiscriminate cultivation of lands under the atchkat during this summer pending determination of lands that could be allowed water for cultivation during this summer of 1951 with a view to prevent failure of crops under the atchkat later on, I, Sri A. R. Adinarayanaiah, B.Sc., Assistant Commissioner and Irrigation Officer, Tiptur Sub-Division, in exercise of the powers vested in me under Section 16 (1) of the Mysore Irrigation Act, 1932 do hereby direct the atchkatdars under the said tank not to prepare the lands under the said tank for growing summer paddy or summer ragi pending issue of further orders from this office in consultation with the Public Works Department.

Whosoever contravenes this Order will be liable for punishment under the said Act to a fine up to Rs. 100 for each offence.

8855

Notification dated 7th February 1951.

No. A1. C. 416—50-51. Whereas it has been brought to my notice that storage of water in Settikere Doddakere in Chikanayakanahalli Taluk is inadequate to irrigate the entire atchkat under it, even if it is supplemented by the water in Ajjankere Tank and whereas the Assistant Engineer, Tiptur has opined that only an extent of 84 acres can be cultivated with the available water, I, Sri A. R. Adinarayanaiah, B.Sc., Assistant Commissioner and Irrigation Officer, Tiptur Sub-Division in exercise of the powers vested in me under Section 16 (1) of the Mysore Irrigation Act of 1932 direct that water shall be allowed to the following Survey Nos only under the said atchkat.
